

## Message from Ms Iwanicki

Dear Parents and Carers,

We've now reached the third week of home learning and it's been great to see the children logging on to their live classes and uploading such fabulous work. It is a real joy to be able to listen in to the sessions and look at what the children have done. I have seen children in Spring Class making amazing videos using prepositional language such as on, under and next to; I've seen a range of writing linked to the text 'Northern Lights' in Winter Class; I have watched Autumn Class tackle some very tricky fractions work and as I sit writing this newsletter I can see children in Summer Class skilfully drawing flowering plants.

It is extremely important to keep the routines of home schooling going, but I am aware that COVID-19 is spreading through our St Luke's community. If you or your child is unwell please contact the school office so we can let the teachers know that your child might not be able to access the work that week.

Next Friday's collective worship will look slightly different. Each year our School Councillors attend the LDBS service at St Paul's Cathedral, but this year the service will be streamed out to everyone so that we can join in at home. The service will take place at 2:00pm on Friday 29<sup>th</sup> January and a link to this special service will be sent out nearer the time.

This week our PFA met via Zoom to discuss future fundraising ideas. Thank you to everyone that was able to attend. I would like to remind everyone that there is a free family **Quiz Night** planned for tomorrow at 6pm. Josh our Youth and Families Worker at the church has volunteered to be quiz master and your team names should be emailed to [pfa@stlukesschool.org.uk](mailto:pfa@stlukesschool.org.uk) by 12:00 on Saturday and a link to the quiz will be sent out to you.

Finally, I would like to thank all of our staff for their continued hard work and dedication to the children at St Luke's and also all of our parents who are juggling home learning and work. You are all doing an amazing job!

Wishing you all a safe and restful weekend,

Jo Iwanicki

Head of School

## Free Reading Resources for Remote Learning

The **MORE** that you  
**READ**, the more things  
you will **KNOW**.  
The **MORE** that you  
**Learn**, the more places  
you'll **GO**.

Dr. Seuss

Details were emailed out this week of some excellent and free reading resources which are available to our children during this period of remote learning. Reception and KS1 children have access to Phonics Play and Oxford Owl eBooks, whilst KS2 children can choose eBooks from the Islington Education Library Service. Please do explore these resources if you can - it is so important to keep our children switched on to reading during these challenging times.

# Coronavirus: Weekly update from Camden Council

For the latest information and support from Camden Council and its partners, including updates to services:

- Visit [camden.gov.uk/coronavirus](https://camden.gov.uk/coronavirus) – includes information in different languages
- Check the rolling news pages at [news.camden.gov.uk](https://news.camden.gov.uk)
- Follow Twitter @CamdenCouncil and Facebook [facebook.com/LBCamden](https://facebook.com/LBCamden)
- Speak to someone at the Council directly by calling 020 7974 4444 (option 9).

**Sign up** to the Council's coronavirus newsletter for regular service updates, news and support at [camden.gov.uk/coronavirus-updates](https://camden.gov.uk/coronavirus-updates)

The situation in Camden and London is incredibly serious right now. With the national lockdown in place until at least the middle of February, the most powerful action any of us can take is to stay at home.

Sadly, it's likely to get worse before it gets better. With the NHS close to breaking point, I cannot stress enough how important it is to follow public health advice and lockdown restrictions. Lives really do depend on it.

There is hope, however. It's brilliant news that the rollout of the COVID-19 vaccine has started in Camden. While we're very much at the beginning of the vaccination process, it will be crucial in helping to reduce illness, hospitalisations and deaths from COVID-19, and easing pressure on the NHS. When you are eligible for the vaccine, the NHS will be in touch with you so please wait for them to contact you – and make sure you are registered with a GP.

**Councillor Georgia Gould, Leader of Camden Council**

## STAY AT HOME TO SAVE LIVES AND PROTECT OUR NHS

**NATIONAL LOCKDOWN RESTRICTIONS**

The number of people with COVID-19 continues to rise and our hospitals are close to breaking point. Please follow lockdown restrictions, including:

**Stay at home**

**Work from home if you can**

If you need to leave home for essential reasons, please act like you have COVID-19, and treat others as if they have COVID-19 too

Do not socialise indoors or outdoors with anyone you don't live with or are not in a support bubble with

Read the guidance in full at [gov.uk/coronavirus](https://gov.uk/coronavirus)

## Follow public health advice to prevent catching or passing on coronavirus

Wear a face covering in indoor public spaces and busy outdoor spaces, unless you're exempt!

Wash your hands regularly and thoroughly

Keep 2 metres apart from people you don't live with

**Got coronavirus symptoms** (new, persistent cough; high temperature; loss of, or change to, sense of smell or taste)? Self-isolate and get a free test by calling **119** or via [nhs.uk/coronavirus](https://nhs.uk/coronavirus)

If you need help booking a test, call Camden Council on **020 7974 4444 (option 9)** – they can help you access support at the same time.

## Protecting Camden's communities

Camden Council's frontline presence teams continue to work in our communities, providing business owners with information and reassurance, and enforcing the current regulations.

This includes ensuring that businesses comply with a range of restrictions, for example those relating to social distancing and wearing face coverings inside.

The teams conduct daily proactive patrols in partnership with the police in order to identify issues. They will not hesitate to enforce any breaches to help protect lives at this critical time.

## Exercise safely – follow the guidance

Keeping active is vital for our mental health and wellbeing, especially at the moment. However, coronavirus cases are very high and it's crucial we do everything we can to keep ourselves and others safe, including in Camden's parks and open spaces:

2m

Keep a safe distance from anyone you don't live with

Limit exercise to once a day

Avoid areas if busy

Stay local

Keep moving and don't use parks and open spaces for socialising

Camden leisure centres are currently closed, but you can access a variety of free home workouts and virtual classes with the Better UK app to stay active at home. Find out more at [better.org.uk](https://better.org.uk)

## Keeping safe in school or college

During lockdown, vulnerable children can continue to attend school or college. Children with at least one parent or carer who is a critical worker can also attend, although parents and carers should keep their children at home if they can. Camden schools have reviewed their risk assessments in line with local and national guidance and safety measures to keep children and staff safe. Secondary school pupils and staff, and some primary school staff, are taking part in regular rapid testing.

## Camden libraries

Camden Libraries remain open for computer and internet access along with a 'request and read' book service. Libraries continue to operate in line with Government guidance to ensure buildings remain COVID-secure. Camden Council understands many residents do not have digital access at home and may need this for essential reasons.

The Council's Home Library Service is also available for housebound customers, including those who are shielding. Books, magazines and newspapers can be downloaded from the Council's digital library.

Visit [camden.gov.uk/libraries](https://camden.gov.uk/libraries) or contact your local library for more information.
