

St Luke's Church of England School Newsletter

11th June 2021

Message from Ms Iwanicki

Dear Parents and Carers,

What a great first week back at school we have had. Our Year 4 children have been busily practicing their times tables for the national multiplications check which will become statutory next year. Parents can find more information about the multiplication tables check at <https://www.gov.uk/government/publications/multiplication-tables-check-information-for-parents>

On Thursday we welcomed back the musicians from the Apollo Music project, but this time they were accompanied by one of our own Winter Class musicians. Well done to Jessica for performing so beautifully to the rest of the class. This afternoon our Year 6 children took part in some language taster courses online as part of their transition work to prepare them for secondary school. Thank you to our colleagues at UCS for continuing to support these wider opportunities.

Finally, we are extremely pleased to be able to run our sports day on Monday 21st June at Parliament Hill Fields athletics track. Please ensure you have handed in your permission slip and please inform the office if another parent will be collecting your child from the track on that day. Thank you to the PFA for managing to organise a sale of caps and t-shirts in school house colours so speedily. The PFA can be contacted at pfa@stlukesschool.org.uk

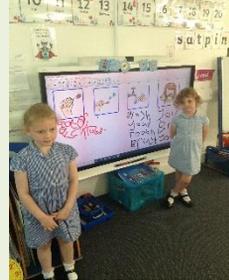

Wishing you all a restful weekend,
Jo Iwanicki
Head of School

1 Corinthians 13:4-5 Love is patient, love is kind. It does not envy, it does not boast, it is not proud. It does not dishonour others, it is not self-seeking, it is not easily angered, it keeps no record of wrong

Spring Class

This week in spring class we started our new topic 'People who help us' and have been learning about dentists. The children have enjoyed learning about what food and drinks are healthy/unhealthy for our teeth and have even been practising brushing our model set of teeth. They have also been writing instructions on how to brush your teeth. In Maths they have enjoyed recapping time by making their own human clock to show o'clock times.

Summer Class

This week in English we wrote an acrostic and senses poem about the season 'summer'. In Mathematics we have been practising our addition and subtraction skills. In PSHE we have been reflecting on what is important to us and in Art we created a summer tree.

Autumn Class

This week in Autumn Class, we were creating our own 3D models of flowers and considered how flowers pollinate and create new seeds. We also enjoyed learning about the climate of Norway, we identified ski resorts on a map and considered what the best climate and landscape would be for skiing. In English, we have been writing poetry that uses repetition and in RE we have been learning about the holy spirit coming at Pentecost.

Winter Class

This week we have researched and planned a piece of writing about an unusual animal. As part of our R.E. topic, we have learned about the sacrament of marriage and what this means to Christians. In science, we have grouped everyday materials according to their properties. We participated in our final Apollo Music Project, where a special guest joined the musicians – Jessy! She was fantastic!

Golden Book

Spring Class

Sophia for writing an excellent set of instructions on how to brush your teeth.

Freddie for being able to tell the time to the hour.

Summer Class

Eva for settling in well to her new class and working extremely hard all week.

Lorenzo for his fabulous reading and use of decoding strategies.

Autumn Class

Ruby for having such a brilliant first week at school and an excellent attitude to learning.

Rose for her excellent progress in problem solving and reasoning.

Winter Class

Zoe for her excellent knowledge of states of matter.

Michelle for her thoughtful contributions in RE when discussing the Christian sacraments.
