St Luke's Church of England School Newsletter

10th June 2022

Message from Ms Iwanicki

Dear Parents and Carers,

Welcome back to our final half term of the year. I hope you all enjoyed the Queen's Platinum Jubilee celebrations last weekend. In our collective worship this week the children shared some of the exciting events they attended and we learned some interesting facts about her majesty. For example, do you know what year she sent her very first email? We also gave each child in the school a commemorative mug to remember it. A huge thank you to our wonderful PFA for organising this thoughtful gift. I am reliably informed by one of our children that drinks taste even better out of them!

On the 24th June we will be celebrating History Day in school.
We will be doing a local study of how Hampstead has changed over time, from its early Anglo-Saxon roots to the present day. On that day the children will be allowed to come to school dressed in clothing from the past.
Thank you to Ms Atkey for helping to organise this exciting event.

On Saturday 25th June we will be holding our annual Summer Fair at school. We rely so much on the goodwill and hard work of our dedicated PFA members to ensure that these events take place, so if you are able to help out in any way, please contact the PFA at pfa@stlukesschool.org.uk
Finally, I would like to thank the year 5&6 parents who were able to join us on Zoom for the RSE meeting this week. If you have any further questions please contact the school office and we'll do our best to answer them.

Wishing you all a restful weekend,

Ms J Iwanicki
Headteacher

Psalm 13:5 *But I have trusted in your steadfast love; my heart shall rejoice in your salvation.*

Spring Class

This week in Spring Class we started our new topic 'People who help us'. We have been learning all about dentists and why it is important to take care of our teeth. In Maths, the children were happy learning about time. They really enjoyed pretending to be a human clock to make o'clock times.

Summer Class

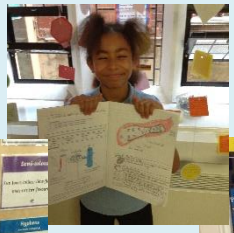
This week in English we compared the similarities and differences between two texts. We planned and wrote a class information book about birds. In Maths, we practised finding fractions of numbers by doubling and halving. In RE, we started learning about Baptism and the story of John the Baptist baptising Jesus. In Science, we learned about fossils and enjoyed looking at the different types and ranges.

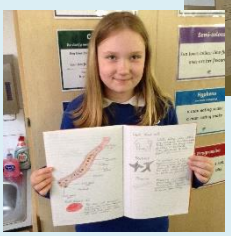
Autumn Class

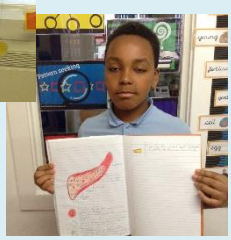
This week we have been practising different multiplication methods and solving reasoning problems. We have been learning about Roman artefacts and have designed our own Roman pots. We have also been practising our typing skills in computing and developing research skills.

Winter Class

This week in Winter Class, we have been planning descriptive poems and also considering the formal or informal tone in our writing. In Science, we have been learning about the different components that make up our blood: red blood cells, white blood cells, platelets and plasma. In History, we have been debating just how 'great' Alfred the Great really was.







Golden Book

Spring Class	Summer Class	Autumn Class	Winter Class
All of spring class, for their fantastic enthusiasm during our maths lessons about time.	**Indy,** for her excellent Maths work learning to double two-digit numbers. **Henry,** for his insightful ideas about Baptism.	**Iliana,** for her fantastic effort when halving numbers. **Zoey,** for her excellent contributions during guided reading.	**Charlon,** for her wonderful scientific diagram of a blood vessel. **Faye,** for her descriptive poetry writing.
