

St Luke's Church of England School Newsletter

Educating through faith, hope and love.

Message from Ms Iwanicki

Friday 12th June

Dear Parents and Carers,

We have had an incredibly exciting week here at St Luke's. Our KS2 SATs results were announced on Tuesday and we are extremely pleased. The children have worked incredibly hard all year and we are tremendously proud of each and every one of them. Results for KS2 SATs, Year 4 Multiplication Checks, KS1 Phonics and Early Learning Goals for Reception will all come home with your child's end of year report today.

On Tuesday, Summer Class shared their learning in their collective worship. The children explained food chains to us and sang about our Christian values and Golden Rules. Thank you to all the parents who were able to join us and to the Summer Class staff team for all their hard work.

Yesterday, Winter Class performed their end of term production of Romeo and Juliet. Their performance was outstanding, and the confidence and stage presence with which the children performed was exceptional. A huge thank you to Mr Leng and Ms Casey for all their hard work, and to all the staff team who helped with sets and costumes, and who supported throughout the performance.

Next Tuesday, we will hold our end of year open evening. This is a chance to drop in and thank your child's current class teacher and, if your child is moving classes, to meet their new teacher. No appointments are needed and parents can drop in after school up until 5:30pm.

We will also be holding our Year 6 Leavers' Service in church next Wednesday at 2:00pm. Parents are welcome to join us for this service as we say goodbye to our Year 6's.

Wishing you all a restful weekend,

Ms J Iwanicki
Headteacher

Matthew 11:28 - Come to me, all who labour and are heavy laden, and I will give you rest.

Spring Class

This week in Spring Class we have been learning all about fire fighters, and using what we have learnt to write a new adventure for Fireman Sam. The children have been using what they have learnt about tricky words and segmenting sounds to help them. In Maths, we have been practising counting beyond 20 and working on number bonds to 10 and 20. Outdoors we have been looking out for pollinators and playing listening games. It is a real pleasure to see how well the children work and play together, and all the progress they have made in their learning over the year.

Summer Class

This week in Summer Class, we spent the early part of our week preparing for our assembly. The children worked hard during rehearsals to learn their lines, a poem and two songs. They had fun sharing their learning with everyone and we hope you all enjoyed it. In Maths, we drew block graphs and pictograms. In RE, we explored what it means for Christians to be married in a church.

Autumn Class

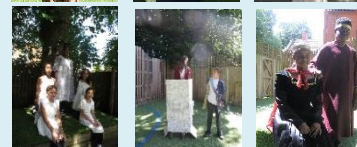

This week, the Autumn class has been creatively developing settings, plots, and characters from a single image. We've revisited a range of descriptive writing tools such as metaphors and similes, and we've also explored new techniques like onomatopoeia and personification. In maths, we've been working on identifying acute and obtuse angles, focusing on accurately measuring and recording angles with a protractor.

Winter Class

Winter Class have had a very busy week. Rehearsals for our performance of Romeo and Juliet took up the majority of our time. Children did fantastically well learning lines from Shakespearean English and performing them with expression. We performed to the younger children on Wednesday and the actors rose to the challenge even when there were technical setbacks! Thankfully, on the night of the performance those problems had been ironed out and we hope that our audience enjoyed the children's wonderful performance. I expect the songs from the show will remain with us for some time to come.

Golden Book

Spring Class

Matthew for settling in well to his new class.

Robyn for great story writing.

Summer Class

George for his confidence in our class assembly.

Francesca for her thoughtful contributions in R.E

Autumn Class

Lily-Rose for your contributions to class discussions this week.

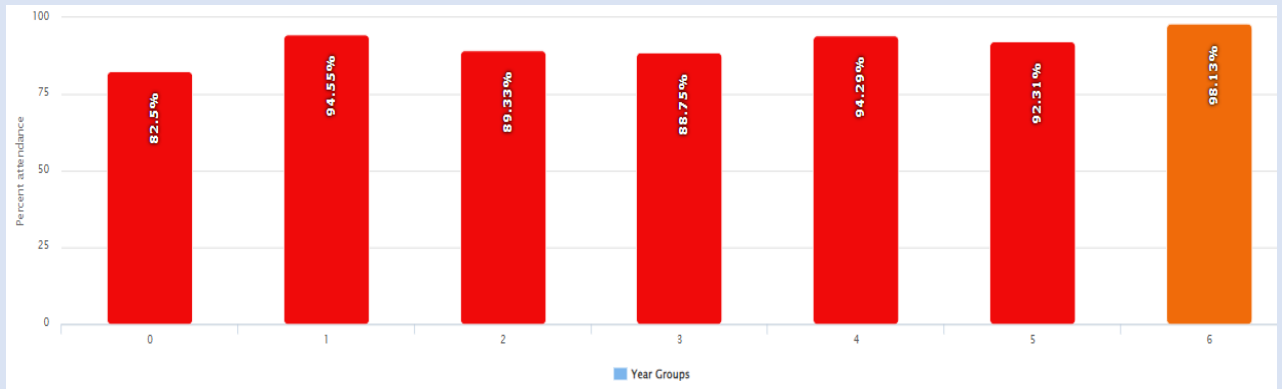

Kian for your creative writing in English this week.

Winter Class

Carter for his great spirit onstage and offstage this week.

Yara for showing great onstage presence throughout our rehearsals and during the show.

20th July	Summer Fair
24th July	1:30pm Term Ends
2 nd September	Inset Day
3 rd September	Inset Day
4 th September	Start of Term for Children

HAY FEVER

Many hay fever symptoms overlap with those you get with a cold, so it can be hard to say which you've got. There are a few key things you can look out for.

A cold will start one to three days after you come into contact with the virus, and will normally last for up to a week. Hay fever starts straight after you're exposed to pollen and continues causing symptoms until you're no longer around the allergens.

Signs and symptoms of hay fever may include:

- **Sneezing** – a common symptom and may be more frequent.
- **Coughing** - coughing can occur due to mucus in your throat.
- **Blocked nose** – nasal congestion can lead to difficulty breathing.
- **Itchy, red or watery eyes** – can lead to discomfort and sensitivity to light.
- **Itchy throat, mouth, nose and ears** – irritation or a scratchy feeling
- **Pain around your temples and forehead** - allergens can create pockets of pain around your sinuses
- **Headache** - sinus pain from hay fever can also trigger headaches.
- **Earache** - the lining of the tubes in your ear can sometimes inflame when it reacts with pollen.
- **Tiredness** - low energy levels and mood can often be experienced after prolonged exposure to allergens.
