

St Luke's Church of England School Newsletter

Educating through faith, hope and love.

Message from Ms Iwanicki

Friday 19th July

Dear Parents and Carers,

This week, we said our formal farewell to our Year 6 children at their Leavers' Service in church. The children shared their memories of St Luke's and their hopes for the future and it was wonderful to see what high aspirations our children have. Whether it be an astronaut, an actor or an archaeologist, I sincerely hope they all achieve their ambitions. The children were presented with a bible from St Luke's Church and a Year Book funded by our wonderful PFA. The children have worked incredibly hard throughout their time at St Luke's and have achieved some amazing results in this year's SATs test. You can see their amazing results further on in this week's newsletter. A huge thank you to Mr Leng and Ms Casey for all their hard work this year and to the entire staff team for the years of quality first teaching that has led them all the way up to this moment.

Unfortunately, Ms Thomas has been unwell this week so I recruited two journalists from Autumn Class to help write their section of the newsletter this week. Thank you to Leon and Oriana for writing this week's Autumn Class news. We are all looking forward to our school Summer Fair tomorrow. Our PFA helpers have been incredibly busy this week getting everything ready and we hope to see lots of you there to enjoy the day.

Finally, as the weather gets warmer, please ensure your children have their water bottle and sun hat in school next week.

Wishing you all a restful weekend,

Ms J Iwanicki
Headteacher

Matthew 11:28 - Come to me, all who labour and are heavy laden, and I will give you rest.

Spring Class

This week in Spring Class, we have been preparing for our trip by thinking about where we are in the world. We read 'Martha Maps It Out' by Leigh Hodgkinson, and discussed what maps help us to do and what information we can get from them. We were thinking about our place in the solar system and used papier mâché to create the Earth and our neighbouring planets. We also talked about local journeys that we make, and planned our route for Friday's trip.

Summer Class

This week in Summer Class, we read 'Why Not Me?' by Ruth Merttens and created a plan to write about the Woodpecker's adventure. In Maths, we looked at multiplication and division word problems. In RE, we explored our big question 'Why do Christians make and keep promises before God?' and expressed our opinions.

Autumn Class

This week Autumn Class have been baking Roman bread. We shared it with all the teachers and they said it was great. We have also been learning about Boudicca who was Queen of the Iceni. In English, we wrote poems about the rain and thought about the sort of things we would like to ban such as ultra-processed food and people who crack their knuckles. We have played a few Maths games to help us with times tables and division.

By Leon and Oriana

Winter Class

It has been an emotional week for Winter Class with Year 6 having their leavers' service on Wednesday. Amidst our preparations, we have completed written work on Romeo and Juliet converting the scripted balcony scene to narratives with dialogue. In Maths, we used the statistics from Euro 2024 for an investigation, although sadly, we were unable to manipulate the data sufficiently to enable England to win the tournament! We have also had the chance to work on some Science, illustrating the life cycles of insects and amphibians.

Golden Book

Spring Class

Adila for great ideas for imaginative play.

Troy for excellent sharing and turn taking.

Summer Class

Arun for his great effort in Maths this week.

Seraphina for showing great ambition towards all of her learning.

Autumn Class

Lorenzo for continuing to improve the presentation of his work and cursive handwriting.

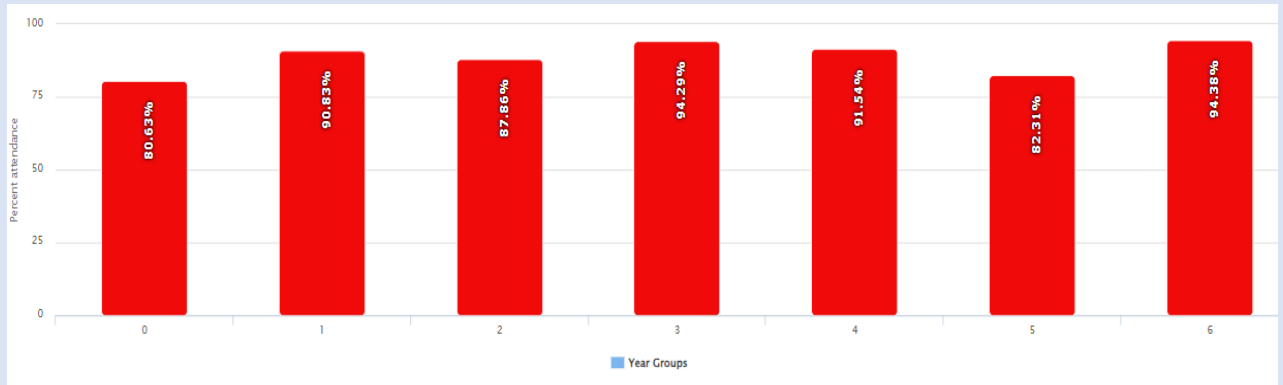

Aariya for being an excellent independent reader.

Winter Class

Olivia for some great work in illustrating life cycles.

Anthony for remaining focussed and ambitious in his learning even at the end of the school year.

At: St Luke's CE School, Kidderpore Avenue NW3 7SU
Tickets will be available early July, or come along and pay on the day!

HAY FEVER

Many hay fever symptoms overlap with those you get with a cold, so it can be hard to say which you've got. There are a few key things you can look out for.

A cold will start one to three days after you come into contact with the virus, and will normally last for up to a week. Hay fever starts straight after you're exposed to pollen and continues causing symptoms until you're no longer around the allergens.

Signs and symptoms of hay fever may include:

- **Sneezing** – a common symptom and may be more frequent.
- **Coughing** - coughing can occur due to mucus in your throat.
- **Blocked nose** – nasal congestion can lead to difficulty breathing.
- **Itchy, red or watery eyes** – can lead to discomfort and sensitivity to light.
- **Itchy throat, mouth, nose and ears** – irritation or a scratchy feeling
- **Pain around your temples and forehead** - allergens can create pockets of pain around your sinuses
- **Headache** - sinus pain from hay fever can also trigger headaches.
- **Earache** - the lining of the tubes in your ear can sometimes inflame when it reacts with pollen.
- **Tiredness** - low energy levels and mood can often be experienced after prolonged exposure to allergens.
