

# St Luke's Church of England School Newsletter

*Educating through faith, hope and love.*

**11<sup>th</sup> July 2025**

Dear Parents and Carers,

I would like to start this week's newsletter by saying a massive thank you to all of our children, and all of our amazing staff, for all their hard work this year. It was an absolute pleasure reading their end of year reports and seeing how much progress the children have made this year.

I would also like to say a huge congratulations to our Year 6 children on their amazing KS2 SATs results. Their diligence and determination during revision has resulted in some utterly amazing scores, with three children getting perfect scores in some of the tests. I always ask the children to aim for perfection, but oh my goodness, they achieved it! Our overall results can be found on page 3 of this week's newsletter.

On Tuesday, Spring Class treated us to a lovely class assembly all about traditional tales and people who help us. It was lovely to have so many parents join us that afternoon and I hope you all enjoyed it. Thank you to Ms Butler and Ms Price for all their care and support of the children during their first year of school.

Our PFA helpers are already busily setting up all the stalls and games in preparation for the Summer Fair tomorrow from 1:00pm – 4:00pm. I hope you will all be able to join us there and help raise important funds for the school as well as having some fun!

Finally, I would like to remind our Year 6 parents that it will be our Leavers' Service in church on Wednesday 16<sup>th</sup> July at 2:00pm. I hope you will be able to join us as they share some songs, readings and memories of their time here at St Luke's.

Wishing you all a restful weekend,

Ms J Iwanicki  
Headteacher

*"Peace I leave with you; my peace I give you. I do not give to you as the world gives. Do not let your hearts be troubled and do not be afraid." – John 14:27*

## Spring Class

This week in Spring Class, we have been looking back over the Reception year and thinking about memories and achievements. The children had time to reflect on skills that they have improved, things they are proud of and activities they have enjoyed. When we did group reading this week, it was wonderful to see the progress they have made, and also the confidence that they now have in their abilities. In Maths this week, we have been looking at finding 1 more and 1 less, sharing equally and counting beyond 30. On Monday and Tuesday, the children worked really hard on preparing for, and performing their assembly. Many thanks to parents for their encouragement and for helping the children to learn their lines.

## Summer Class

This week in Summer Class, we explored the features of a book review and then wrote our own reviews based on 'Charlie Cook's Favourite Book', sharing our opinions and favourite parts. In Maths, we are learning to read the time on an analogue clock, focusing on telling the time to the nearest 5 minutes. In R.E, we explored The Parable of the Good Samaritan. We discussed times when we had helped someone or when someone had helped us, and reflected on how those experiences made us feel. As part of last term's R.E unit, we visited the London Central Mosque. We had a wonderful time at Regent's Park, enjoying a picnic together in the sunshine before touring the mosque. It was a fantastic trip and a lovely way to build on our learning.

## Autumn Class

This week in Autumn Class, the children have been busy writing their very own books! They've shown great dedication in editing, publishing, and beautifully illustrating their stories, we're so proud of their creativity and hard work. In Maths, we've been exploring money, learning how to add and subtract amounts, and solve real-life problems involving change. In P.E, Autumn Class held their very own Wimbledon! The children played exciting doubles matches, showing off their growing tennis skills, teamwork, and sportsmanship.

## Winter Class

In Winter Class this week, we have been focusing on creating some strong narratives during English lessons. We have used 'Boy in the Tower', a book we are familiar with, to create stories with description and detail. In Maths, we have been concentrating on statistics using our knowledge of angles to create pie charts and line graphs, as well as representing statistics from our own surveys. In R.E, we have explored how rules can be interpreted using a version of the creation story as well looking at how values can be perceived in Islam. Following our visit to the Crick, we used materials they gave to us, to create oobleck and we'll be using this to further explore properties of materials.

# Golden Book

### Spring Class

**Laura** for excellent participation in our assembly and learning activities.

**Emiko** for great work on her independent writing.

### Summer Class

**Idriss** for his great effort in Maths this week.

**Sarah** for her thoughtful contributions in RE.

### Autumn Class

**Husaam** for showing great creativity and imagination in English this week by writing his own story.

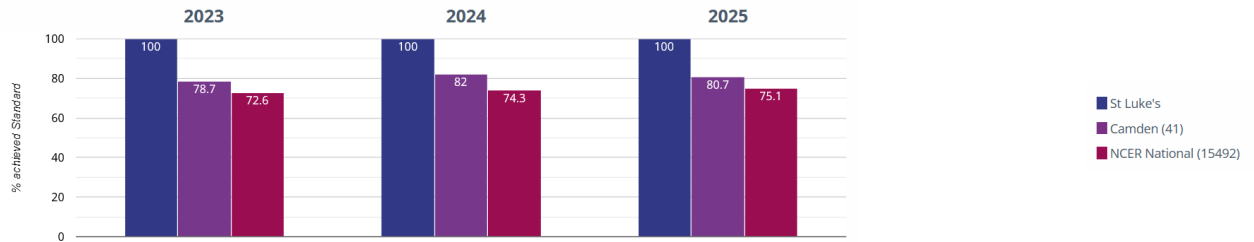

**Zach** for his hard work in Maths solving problems involving money.

### Winter Class

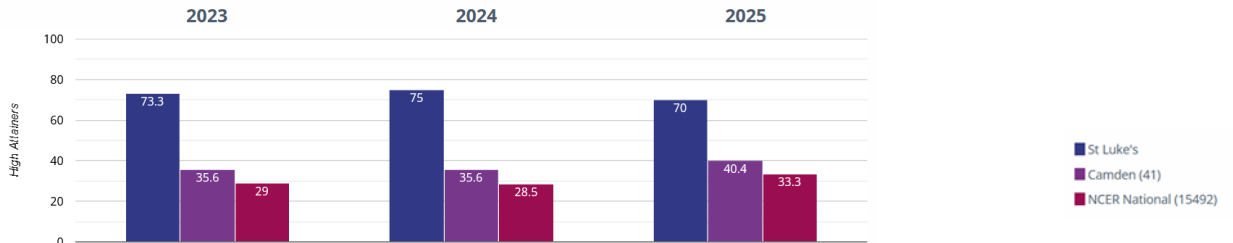

**Emi** for her consistent hard work throughout this week and every week.

**Zain** for his thoughtful work discussing how rules can be interpreted through the creation story.

# Give your child the best start in life – every school day counts.

At St Luke's we believe that all children deserve an education of the highest quality in order to flourish and enjoy a life filled with meaning and purpose. To support us with this, we ask parents to ensure their children are in school and on time every day. The school gates are open at 8:50am and children should be in their classrooms to be registered at 9:00am. The latest statutory guidance for schools, **Keeping Children Safe in Education 2024**, has a specific paragraph addressing children who are absent from school.

## ***Children who are absent from education***

*175. Children being absent from education for prolonged periods and/or on repeat occasions can act as a vital warning sign to a range of safeguarding issues including neglect, child ... exploitation - particularly county lines. It is important the school or college's response to persistently absent pupils and children missing education supports identifying such abuse, and in the case of absent pupils, helps prevent the risk of them becoming a child missing education in the future. This includes when problems are first emerging but also where children are already known to local authority children's social care and need a social worker (such as a child who is a child in need or who has a child protection plan, or is a looked after child), where being absent from education may increase known safeguarding risks within the family or in the community.*

Our **whole school attendance target is 96%** which allows for 8 days of illness over the year.

|                 |   |
